LIMITED PUBLIC COMMENT

Representative Sarah Anthony, State Representative from the 68th House District, stated that she wanted to show support for Agenda Item No. 29. She further stated that Ingham County has always been on the cutting edge, and always looked at things through an equity and inclusive lens.

Representative Anthony stated that she believed that this resolution was one step to making a more inclusive and equitable Ingham County. She further stated that everyone knew that Ingham County as a governmental entity often was the leader in which other local municipalities would follow.

Representative Anthony stated that she was excited to support this resolution because she thought it would be one step into additional local municipalities across the region to follow its lead. She further stated that she wanted to publicly show support and to thank the Board of Commissioners, in particular Commissioner Slaughter and Chairperson Crenshaw on their leadership, for speaking truth to power.

Representative Anthony stated that she looked forward to partnering with the Board of Commissioners as they looked to making Ingham County more equitable and inclusive for everyone.

Chairperson Crenshaw thanked Representative Anthony for her comments.

Lynne Stauff, Ingham County Board of Health Chair, stated that she thanked the Board of Commissioners for the opportunity to comment on Agenda Item No. 29. She further stated that she had sent a letter to the Board of Commissioners from the entire Board of Health in support of Agenda Item No. 29.

Ms. Stauff stated that Black and Brown Americans had been suffering and dying at a much greater level than White Americans. She further stated that, for example, health disparities were exhibited by the infant mortality rate, the prevalence of diabetes, the lack of access to health care, and Black and Brown Americans were now contracting and dying from COVID-19 at almost four times the rate of White Americans in Michigan.

Ms. Stauff stated that, in Ingham County, Black people made up 12 percent of the population, yet accounted for 28 percent of confirmed COVID-19 cases. She further stated that, as a privileged White person, she would never understand what it was like to walk in the shoes of some of her Black and Brown friends, colleagues, or neighbors, or to be followed in a Department Store or to be stopped by police for driving while being Black.

Ms. Stauff stated that she had compassion and this injustice broke her heart. She further stated that what she could do was lend her voice from her place of privilege and to share expert advice as Chair of the Board of Health.

Ms. Stauff stated that she requested that the Board of Commissioners pass this resolution and find creative solutions to implement an action plan.

Ms. Stauff stated that a plan had to be operationalized to give this resolution teeth, power, and support, financial or otherwise. She further stated that she felt the time was now and the energy was here, and the Board of Health stood ready to help make this happen together.

Chairperson Crenshaw thanked Ms. Stauff for her comments.

**MANAGING DIRECTOR:**
INTRODUCED BY THE COUNTY SERVICES AND FINANCE COMMITTEES OF THE:

INGHAM COUNTY BOARD OF COMMISSIONERS
RESOLUTION PLEDGING FULL FAITH AND CREDIT TO MONTGOMERY DRAIN DRAINAGE DISTRICT BONDS
RESOLUTION #20-234

Minutes of a regular meeting of the Board of Commissioners of Ingham County, Michigan, held on June 9, 2020, at 6:30 p.m., local time.

PRESENT: Commissioners Crenshaw, Celentino, Grebner, Koenig, Maiville, Morgan, Naeyaert, Polsdoffer, Schafer, Sebolt, Slaughter, Stivers, Tennis, Trubac

ABSENT: Commissioners None

The following resolution was offered by Commissioner Sebolt and supported by Commissioner Slaughter:

WHEREAS pursuant to a petition filed with the Drain Commissioner of the County of Ingham, State of Michigan (the "Drain Commissioner"), proceedings have been taken by the Drainage Board for the Montgomery Drain Maintenance and Improvement Project (the "Drainage Board") under the provisions of Chapter 20 of Act 40, Public Acts of Michigan, 1956, as amended (the "Act"), for the establishment and construction of a drain project referred to as the Montgomery Drain Maintenance and Improvement Project (the "Project"); and

WHEREAS, the Project is necessary for the protection of the public health, and in order to provide funds to pay the costs of the Project, the Drainage Board intends to issue the Montgomery Drain Drainage District's (the "Drainage District") bonds, in one or more series, in an amount not to exceed $56,125,000 (the "Bonds") pursuant to the Act; and

WHEREAS, the principal of and interest on the Bonds will be payable from an equal amount of assessments to be made upon the public corporations identified in the Final Order of Apportionment (the "Special Assessments"); and

WHEREAS, the Drain Commissioner, in consultation with professionals engaged by the Drainage District, has analyzed the Special Assessments and the proposed Bonds; and informed the County that there is no other indebtedness of the Drainage District secured by the Special Assessments, and that the Special Assessments will be levied in an amount equal to or greater than the par amount of the Bonds, assuring the County that there is a sufficient amount of Special Assessments levied, which together with interest thereon is projected to be sufficient to make payments of the principal of and interest on the Bonds as they become due; and
WHEREAS, PFM Financial Advisors LLC has been engaged by the Drainage District to review such projections and to assist the Drainage District as registered municipal advisor for the issuance of the Bonds; and

WHEREAS, the Ingham County Board of Commissioners (the “Board”) may, by resolution adopted by a two-thirds vote of its members elect, pledge the full faith and credit of the County for the prompt payment of the principal of and interest on the Bonds pursuant to Section 474 of the Act; and

WHEREAS, the Drain Commissioner has informed the County that the pledge of the full faith and credit of the County to the Bonds will reduce the interest cost of financing the Project thus reducing the interest cost of the County and the public corporations assessed for the Project; and

WHEREAS, the Drain Commissioner recommends that the Board adopt a resolution to pledge the full faith and credit of the County for the prompt payment of the principal of and interest on the Bonds; and

WHEREAS, based on the recommendation of the Drain Commissioner, the Board agrees to pledge the full faith and credit of the County to the Bonds.

NOW, THEREFORE, IT IS RESOLVED as follows:

1. The County pledges its full faith and credit for the prompt payment of the principal of and interest on the Bonds in a par amount not to exceed $56,125,000. The County shall immediately advance sufficient moneys from County funds, as a first budget obligation, to pay the principal of and interest on any of the Bonds should the Drainage District fail to pay such amounts when due. The County shall, if necessary, levy a tax on all taxable property in the County, to the extent other available funds are insufficient to pay the principal of and interest on the Bonds when due.

2. Should the County advance County funds pursuant to the pledge made in this Resolution, it shall be the duty of the County Treasurer, for and on behalf of the County, to take all actions and proceedings and pursue all remedies permitted or authorized by law for the reimbursement of such sums so paid.

3. The Chairperson of the Board, the County Administrator, the County Clerk, the County Treasurer, the County Finance Director and any other official of the County, or any one or more of them (“Authorized Officers”), are authorized and directed to take all actions necessary or desirable for the issuance of the Bonds and to execute any documents or certificates necessary to complete the issuance of the Bonds, including, but not limited to, any applications including the Michigan Department of Treasury, Application for State Treasurer’s Approval to Issue Long-Term Securities, any waivers, certificates, receipts, orders, agreements, instruments, and any certificates relating to federal or state securities laws, rules, or regulations and to participate in the preparation of a preliminary official statement and a final official statement for the Bonds and to sign such documents and give any approvals necessary therefor.

4. Any one of the Authorized Officers is hereby authorized to execute a certificate of the County to comply with the continuing disclosure undertaking of the County with respect to the Bonds pursuant to paragraph (b)(5) of SEC Rule 15c2-12 issued under the Securities Exchange Act of 1934, as amended, and amendments to such certificate from time to time in accordance with
the terms of such certificate (the certificate and any amendments thereto are collectively referred to herein as the “Continuing Disclosure Certificate”). The County hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate.

5. All resolutions and parts of resolutions are, to the extent of any conflict with this resolution, rescinded to the extent of the conflict.

Commissioner Sebolt moved to adopt the resolution. Commissioner Slaughter supported the motion.

Commissioner Morgan stated that he would be voting against the resolution as he had in the Finance Committee. He further stated that the County had local businesses permanently shutting their doors due to the economic crisis, and many others rested on a knife’s edge.

Commissioner Morgan stated that the County had neighborhoods full of residents who were unemployed and only held above water by temporary unemployment benefits. He further stated that these were everyday people who could not afford a new assessment right now.

Commissioner Morgan stated that the County had their credit rating downgraded and was looking down the barrel of a $10 million budget deficit next year. He further stated that the County would have to lay off too many hardworking people.

Commissioner Morgan stated that the County had a Drain Commissioner who had dismissed all of this as “the COVID-19 thing” and who had a long track record of spending tax dollars like it was going out of style. He further stated that the Drain Commissioner had shown no interest in pinching pennies and cutting back some of the more lavish aspects of his projects.

Commissioner Morgan stated that everyday people were being forced to make significant sacrifices, and so the Drain Commissioner should too. He further stated that, given this context, he believed it to be fiscal malfeasance to sign off on Full Faith and Credit for $56 million when none of them could be positive that the County would not end up being left holding the bag.
Commissioner Morgan stated that, for example, the City of Lansing was teetering in the brink of insolvency. He further stated that they had blowed through their reserves in good financial times and were now down to $2 million in the bank, and with over $700 million in unfunded liabilities.

Commissioner Morgan stated that there was a township that was even worse off after trying to play commercial real estate developer and getting run over by the Eydes. He further stated that he wondered if the Board of Commissioners was sure that the township was in a position to pay this back.

Commissioner Morgan stated that he had heard the argument that it would actually cost taxpayers more if the Drain Commissioner was forced to bond without the County’s Full Faith and Credit. He further stated that he was correct, and that it would cost marginally more over the life of the bonds.

Commissioner Morgan stated that he could not in good conscience be held hostage over a few tenths of a percentage point on a bond. He further stated that, if the Board of Commissioners did not get a say on how this project was done, then they should not co-sign on it, either.

Commissioner Morgan stated that himself and another of his colleagues had been accused of opposing this project, and while he could not speak for his colleague, he supported this project, provided it was scaled back to address the primary objective of cleaning the river. He further stated that anything above that was a luxury their citizens and small businesses simply could not afford right now.

Commissioner Morgan stated that this was the worst financial collapse since the Great Depression, and it was time they started acting like it. He further stated that, like every television commercial said, these were uncertain times, and so the County should not be making major financial commitment during such uncertain times.

Commissioner Maiville stated that, unlike Commissioner Morgan, he would be voting in support of this resolution. He further stated that this was a project that had been underway for almost six years.

Commissioner Maiville stated that, the timing of the bonds was unfortunate, but it was like a rollercoaster that had left the station. He further stated that the drain was almost 100 years old.

Commissioner Maiville stated that the $56 million figure had been thrown out as the total cost, but it was $35 million that the County was covering, as some parts were being paid for by the Michigan Department of Transportation (MDOT) and the City of Lansing. He further stated that, in terms of MDOT’s portion of the project, there was a syphon drain under US-127 that no one knew the condition of because of its decayed condition.

Commissioner Maiville stated that it would be a major issue for the County if portions of US-127 were taken out of service. He further stated that while it was an expensive project, the Drain Commissioner had gone to open drains to help alleviate costs, and was looking at delaying some of the billing to these units while the County recovered.
Commissioner Maiville stated that it would cost 25 to 33 percent more to delay the project and the Board of Commissioners was being asked to give Full Faith and Credit so that the project would be cheaper. He further stated that, again, he would be voting in support of this resolution.

Commissioner Sebolt stated that he wanted to add that the Board of Commissioners had heard from outside people weighing in and who had talked about vast costs of the project. He further stated that, as Commissioner Maiville pointed out, these additional costs were coming from requests from the City of Lansing and MDOT.

Commissioner Sebolt stated that the City of Lansing and MDOT were doing the smart thing of taking the opportunity, while the project was being done, to make some additional repairs. He further stated that did not know how many times they had heard from constituents wondering about the reason for tearing up a road that had recently been repaired.

Commissioner Sebolt stated that the County was making sure that they did not have to tear up something twice within a matter of a few years for problems that they know would arise. He further stated that, while he took Commissioner Morgan’s points, $10 million for this project had already been committed to or spent and so the project was moving forward.

Commissioner Sebolt stated that this project would be relying on a largely-local workforce. He further stated that he understood the concerns, but he felt at this point that the additional costs for not pledging Full Faith and Credit or by slowing down the project was not a fiscally responsible thing to do, so he would be voting in support of this resolution.

Commissioner Celentino stated that it was his understanding that with drain projects, the Board of Commissioners did not have the authority to stop or delay it. He further stated that what they were doing was pledging Full Faith and Credit.

Commissioner Celentino stated that he understood the concerns of Commissioner Morgan since they were valid right now, but if the Board of Commissioners could not stop the project, and the Drain Commissioner was moving forward with it, the best thing to do for their constituents was to pledge Full Faith and Credit so that they received the lowest interest rate, so that it would be cheaper for them.

Commissioner Stivers stated that she wanted to add to what Commissioner Sebolt said that an economic downturn was not the time for the Board of Commissioners to stop or delay projects that would put County and Greater Lansing area residents to work. She further stated that the County needed those jobs in fields where social distancing was easy to adhere to.

Commissioner Stivers stated that this project would put a lot of people to work who needed that work. She further stated that government should not be tightening its purse strings in an economic downturn to a point where it hurt more workers.

Commissioner Stivers that she believed the Commissioners were committed to avoiding layoffs to the extent that they could. She further stated that to sabotage this project by denying the Full Faith and Credit of the County would potentially be threatening to jobs that people needed.

CONTRACT OF LEASE
JUNE 9, 2020 REGULAR MEETING

CONTRACT OF LEASE

THIS FULL FAITH AND CREDIT (LIMITED TAX) GENERAL OBLIGATION CONTRACT OF LEASE made as of the 1st day of __________, 2020, by and between the INGHAM COUNTY BUILDING AUTHORITY (sometimes hereinafter referred to as the "Authority"), a building authority organized and existing under and pursuant to the provisions of Act No. 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, (sometimes hereinafter referred to as "Act 31"), and the COUNTY OF INGHAM, a county organized and existing under the Constitution and laws of the State of Michigan (sometimes hereinafter referred to as the "County").

WITNESSETH:

WHEREAS, the Authority has been incorporated by the County pursuant to Act 31 for the purposes set forth in Act 31; and

WHEREAS, the County desires to construct, furnish and equip a new 165,000 square foot County Justice Complex to be located at or adjacent to 700 Buhl Street, Mason, Michigan 48854, together with associated facilities, equipment, and site improvements (collectively, the "Project"), to be used by the County as County Sheriff's offices, the District Court and the County Jail; and

WHEREAS, it is proposed that the Authority finance all or part of the cost of the Project by the issuance of building authority bonds payable from cash rental payments by the County to the Authority pursuant to this Contract of Lease; and

WHEREAS, an estimate of [40] years and upwards as the period of usefulness of the Project and an estimate of [$75,000,000] as the cost of the Project (to be paid from proceeds of the bonds of the Authority) have been prepared and have been filed with the County Clerk and the Secretary of the Authority; and
JUNE 9, 2020 REGULAR MEETING

WHEREAS, in order to provide for constructing, furnishing, equipping, improving and financing the Project and to make possible the issuance of building authority bonds to defray all or part of the cost of the Project it is necessary for the parties to enter into this Contract of Lease.

THEREFORE, IN CONSIDERATION OF THE MUTUAL UNDERTAKINGS AND AGREEMENTS HEREAFTER SET FORTH, IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS:

1. The Authority shall, as soon as practicable after the effective date of this Contract of Lease, proceed to issue its building authority bonds in one or more series in the aggregate principal amount of [$75,000,000] or such lesser amount as shall be determined by the Commission of the Authority to be necessary to defray all or part of the cost of the Project, pursuant to and in accordance with the provisions of Act 31, and shall pledge for the payment of the principal of and interest on said bonds the receipts from the cash rental payments hereinafter agreed to be paid by the County. The bonds shall be serial bonds, term bonds or a combination thereof dated as of such date as shall be determined by the Authority, shall bear interest at a rate or rates not to exceed [7]% per annum and shall mature (subject to such prior redemption, if any, as may be provided in the bond authorizing resolution) on such dates and in such years as shall be determined in the resolution authorizing the issuance of the bonds. Upon receipt of the proceeds of the sale of the building authority bonds the Authority immediately shall deposit such proceeds (other than any premium, capitalized interest and accrued interest received from the purchaser of the bonds, which shall be transferred to the bond and interest redemption fund) into a construction fund, which shall be maintained as a separate depositary account and from which shall be paid the cost of the Project.

2. After the building authority bonds have been sold, the Authority shall undertake the construction, furnishing, equipping and improving of the Project.
(a) The Authority shall contract with the architect selected by the County for the Project unless the Authority objects to the contracting with the selected architect. In such event the Authority shall contract with another architect selected by the County with whom the Authority has no objections. All final plans and specifications prepared by the architect and the total project budget shall be reviewed and approved by the County before commencement of construction. The final plans and specifications and the total project budget shall also require approval of the Authority, which approval shall not be unreasonably withheld.

(b) The Authority shall select a construction manager for the Project. After the plans and specifications have been approved by the Authority and the County, no changes shall be made except as approved by the Authority and the County in writing. The Authority and the County shall designate those persons who are authorized to approve changes to the plans and specifications. Any such changes shall be made by change order.

(c) The cost estimate and the estimated period of usefulness for the Project, both of which heretofore have been filed with the County Clerk and the Secretary of the Authority, are approved and adopted. The cost of the Project shall include not only the direct costs of constructing, furnishing, equipping and improving the Project but all other costs including, without limitation, all architectural, engineering, construction management, moving, financial, legal, printing and publishing costs and expenses incidental to the Project and to the issuance of the building authority bonds.

3. In the event that the Authority shall at any time determine that the Project cannot be completed at the estimated cost, the Authority immediately shall so notify the County in writing, specifying the additional funds required, and thereupon one of the following actions shall be taken: (a) the County shall pay or cause to be paid to the Authority in cash the additional amount so required, or (b) the Authority shall issue building authority bonds in such increased or additional principal amount as shall be necessary to complete the Project, or (c) the Project shall be modified so as to permit its
completion within the estimated cost. No such increased or additional building authority bonds shall be
issued unless the County and the Authority shall provide by amendment or supplement of this Contract
of Lease for such issuance and for an increase in the cash rental payable by the County hereunder
sufficient to permit payment of the principal of and interest on the increased or additional bonds. Any
additional building authority bonds so issued shall have equal standing with the bonds hereinbefore
authorized to be issued. The proceeds of any such cash payments or increased or additional bonds
(except for accrued interest, premium and capitalized interest) shall be deposited into the construction
fund for the Project.

4. If, after completion of the Project, moneys remain in the construction fund, such
moneys shall be considered to be an unexpended balance of the proceeds of the sale of the bonds. Any
unexpended balance of the proceeds of the sale of the bonds remaining after completion of the Project
may be used to improve or enlarge the Project or for other Projects of the Authority leased to the
County if such use is approved by the Michigan Department of Treasury, if required by law, and by the
County. Any unexpended balance not so used shall be paid into the bond and interest redemption fund
and the County shall receive a credit against the cash rental payments next due under this Contract of
Lease to the extent of the moneys so deposited in the manner provided in the resolution authorizing the
bonds.

5. The Authority shall require the contractor or contractors for the construction of the
Project to furnish all necessary bonds guaranteeing performance and all labor and materials bonds and
all owners protective, workers compensation and liability insurance required for the protection of the
Authority and the County. All bonds and insurance, and the amounts thereof, shall be subject to
approval of the County attorney. All such insurance shall be made effective from the date of issuance
of the building authority bonds described in Section 1 or commencement of construction of the Project,

whichever is later. The Authority also shall require a sufficient fidelity bond from any person handling funds of the Authority.

6. The Authority hereby leases the Project and the Site described on Exhibit A to the County for a term commencing on the effective date of this Contract of Lease and ending on __________ 1, 20__, or such earlier date as hereinafter provided. Possession of the Project shall vest in the County upon completion of construction of the Project. When all of the building authority bonds issued by the Authority to finance the Project have been retired, the Authority shall convey to the County all of its right, title and interest in the Project and any lands, air space, easements or rights-of-way appertaining thereto. Upon such conveyance by the Authority to the County, this Contract of Lease and the leasehold term shall terminate and the Authority shall have no further interest in, or obligations with respect to, the Project.

7. The County hereby agrees to pay to the Authority as cash rental for the Project herein leased to it by the Authority such periodic amounts as shall be sufficient to enable the Authority to pay the principal of and interest on the building authority bonds to be issued by the Authority as such principal and interest shall become due. On the 15th day of the month preceding the first date that any noncapitalized interest shall become due on the bonds and semiannually thereafter while any of the bonds remain outstanding the County shall pay to the Authority an amount sufficient to pay the interest due on the bonds on the first day of the following month. On the 15th day of the month preceding the first principal payment date on the bonds and annually thereafter while any of the bonds are outstanding the County shall pay the Authority an amount sufficient to pay the principal due on the bonds on the first day of the following month. If for any reason the cash rental payments made by the County are not used to pay the principal of and interest on the bonds, the County agrees to pay to the bondholders on behalf of the Authority as additional cash rental such amounts as are necessary to pay such principal and interest. The County hereby pledges its limited tax full faith and credit for the payment of the cash

rental when due and agrees that it will levy each year such ad valorem taxes as shall be necessary for
the payment of such cash rental which taxes shall be subject to applicable constitutional and statutory
tax limitations. If the County, at the time prescribed by law for the making of its annual tax levy, shall
have other funds on hand which have been set aside and earmarked for payment of its obligations for
which a tax levy otherwise would have to be made, then the tax levy shall be reduced by the amount of
such other funds. Such other funds may be raised from any lawful source. The obligation of the
County to make such cash rental payments shall not be subject to any setoff by the County nor shall
there be any abatement of the cash rentals for any cause including, but not limited to, casualty that
results in the Project being untenantable.

8. The County may pay in advance to the Authority any cash rental payments herein
required to be made and in such event shall be credited therefor upon future-due cash rental payments
as the County shall direct. Any such advance payments, if the County shall so direct, shall be used by
the Authority to redeem or purchase bonds prior to maturity when and to the extent possible and to pay
the interest thereon and any call premiums applicable thereto. Any such advance payments shall be
deposited in the bond and interest redemption fund of the Authority. The County also shall have the
right to purchase bonds on the open market and to surrender the same to the Authority at any time. In
the event that any bonds are redeemed or purchased and surrendered as above provided, the respective
amounts which otherwise would have been payable as semiannual interest thereon shall be credited
upon the cash rental payments otherwise required to be made on the cash rental payment dates next
preceding such semiannual interest payment dates and the principal amount of such bonds shall be
credited upon the cash rental payments otherwise required to be made on the cash rental payment dates
next preceding the maturity dates of the bonds. Any bonds redeemed, purchased or surrendered shall
be cancelled.
9. In addition to the cash rental provided for in Section 7 hereof, the County hereby agrees to pay to the Authority all operating expenses of the Authority including expenses incidental to the issuance and payment of the bonds to the extent such expenses are not paid from the proceeds of the bonds. The obligations of the County to make such payments shall be limited tax general obligations of the County.

10. The County shall, at its own expense, operate and maintain the Project and shall keep the same in good condition and repair. The County may contract for the operation and maintenance of the Project or any part of the Project by a private party. Operation and maintenance shall include (but not be limited to) the providing of all personnel, equipment and facilities, all air conditioning, light, power, heat, telephone, water, sewage disposal, storm drainage and all other personnel services, equipment and supplies, of whatever nature, as shall be necessary or expedient for the operation and maintenance of the Project. Premiums for insurance required to be carried upon or with respect to the Project or the use thereof and taxes levied upon either party hereto on account of the ownership or use thereof or rentals or income therefrom likewise shall be deemed operation and maintenance expenses. The obligation of the County to pay all costs and expenses of the operation and maintenance of the Project shall be a limited tax general obligation of the County.

11. The County shall provide, at its own expense, fire and extended coverage, malicious mischief and vandalism insurance in an amount which is at least equal to the amount of the building authority bonds outstanding from time to time or to the amount of the full replacement cost of the Project if that amount be less than the amount of bonds outstanding. Such insurance shall be payable to the County and the Authority as their interests may appear and shall be made effective from the date of issuance of the building authority bonds described in Section 1 or commencement of construction of the Project, whichever is later. In the event of the partial or total destruction of the Project during or after construction, or if the Project is for any reason made unusable, the cash rental payments as
provided in Section 7 hereof shall continue unabated. The County shall have the option to use the proceeds of insurance, in the event of loss or damage to the Project, for the repair or restoration of the Project. If the County shall determine not to use the proceeds of insurance for the repair or restoration of the Project the amount of such insurance proceeds shall be paid to the Authority and by it deposited in the bond and interest redemption fund and the County shall receive appropriate credits on future cash rental payments due.

12. The County shall provide adequate liability insurance protecting the County, the Authority and the members of the Authority against loss on account of damage or injury to persons or property, imposed by reason of the ownership, possession, use, operation or repair of the Project or resulting from any acts of omission or commission on the part of the County, the Authority, the members of the Authority or their agents, officers or employees in connection therewith. Such insurance shall be made effective from the date of issuance of the building authority bonds described in Section 1 or commencement of construction of the Project, whichever is later.

13. The County shall hold the Authority and the members of the Authority harmless and to the extent permitted by law keep it fully indemnified at all times against any loss, injury, or liability to any person or property by reason of the use, misuse, or non-use of the Project by the County or by any other person or from any act or omission in, on or about the Project, including any liability resulting from any and all environmental matters pertaining thereto. The County shall, at its own expense, make any changes or alterations in, on or about the Project which may be required by any applicable statute, charter, ordinance or governmental regulation or order, and shall save the Authority and the members of the Authority harmless and free from all cost or damage in respect thereto.

14. The County, in its sole discretion, may install or construct in or upon, or may remove from the Project, any equipment, fixtures or structures and may make any alterations or structural changes as it may desire, but the County shall not make any permanent alterations to the Project that
will affect adversely the security for the building authority bonds to be issued by the Authority or the prompt payment of the principal of or interest on such bonds.

15. The Authority, through its officers, employees or agents, may enter upon the Project at any time during the term of this Contract of Lease for the purpose of inspecting the Project and determining whether the County is complying with the covenants, agreements, terms and conditions hereof.

16. Inasmuch as this Contract of Lease, and particularly the obligations of the County to make cash rental payments to the Authority, provides the security for payment of the principal of and interest on the building authority bonds to be issued by the Authority to finance the Project, it is hereby declared that this Contract of Lease is made for the benefit of the holders of said bonds as well as for the benefit of the parties and that said holders shall have contractual rights herein. In the event of any default on the part of the County, the Authority and the holders of said bonds shall have all rights and remedies provided by law and especially by Act 31. The parties further covenant and agree that they will not do or permit to be done any act, and that this Contract of Lease will not be amended in any manner, which would impair the security of said bonds or the rights of the holders thereof. An amendment of this Contract of Lease to authorize the issuance of additional building authority bonds and providing for the payment of additional cash rentals for the payment thereof shall not be deemed to impair the security of the bonds or the rights of the holders thereof.

17. This Contract of Lease shall inure to the benefit of, and be binding upon the respective parties hereto and their successors and assigns; provided, however, that no assignment shall be made in violation of the terms hereof nor shall any assignment be made which would impair the security of the bonds or the rights of the holders thereof.

18. Additional building authority bonds of equal standing with the bonds herein authorized may be issued, in addition to those for which provision is made in Section 3, for the purpose
of making improvements or additions to the Project; provided, however, that no such bonds of equal standing may be issued unless this Contract of Lease is amended or supplemented to provide for such issuance and for an increase in the cash rental payments required to be made by the County in amounts sufficient to permit payment of the principal of and interest on such additional bonds. Nothing in this Contract of Lease shall prevent the Authority from issuing building authority bonds to finance other Projects for lease to the County.

19. In the event the building authority bonds to finance the Project cannot be or are not issued by the Authority prior to [December 31, 2021], the Project shall be abandoned and the County shall pay all expenses of the Authority incurred to the date of abandonment, and neither party shall have any further obligations under this Contract of Lease. The provisions of this Section 19 may be extended or waived by the parties by resolution of their respective governing bodies.

20. Except as otherwise provided herein, the right to give any consent, agreement or notice herein required or permitted shall be vested, in the case of the County, in its Board of Commissioners, and in the case of the Authority, in its Commission. Any notice required or permitted to be given hereunder shall be given by delivering the same, in the case of the County, to the County Clerk or the Deputy County Clerk, and in the case of the Authority, to any member of its Commission.

21. In the event there shall occur changes in the constitution or statutes of the State of Michigan which shall affect the organization, territory, powers or corporate status of the County, the terms and provisions of this Contract of Lease shall be unaffected thereby insofar as the obligation of the County to make cash rental payments is concerned. The proceeds of any sale or other liquidation of any interest of the County in the Project are hereby impressed with a first and prior lien for payment of any outstanding building authority bonds or other obligations of the Authority incurred by reason of the Project or any additions or improvements thereto.
22. This Contract of Lease shall become effective 60 days after a notice of intention of entering into this Contract of Lease has been published in a newspaper of general circulation in the County as required by Section 8b(3) of Act No. 31; provided, however, that if a petition for a referendum requesting an election on this Contract of Lease is filed with the County Clerk within 45 days after the notice is published, signed by not less than 10% or 15,000 of the registered electors of the County, whichever is less, then this Contract of Lease shall become effective only if and when approved by a majority of the electors of the County voting thereon. This Contract of Lease shall terminate on _________ 1, 20__, unless terminated prior to such date in accordance with the provisions hereof.

TO ALL ELECTORS AND TAXPAYERS OF THE COUNTY OF INGHAM:

NOTICE IS GIVEN, that the Board of Commissioners of the County of Ingham, State of Michigan, intends to authorize the execution of a full faith and credit (limited tax) general obligation contract of lease with the Ingham County Building Authority. The contract of lease will further provide that the Ingham County Building Authority will finance the cost of the Project by the issuance of building authority bonds, in one or more series, pursuant to the provisions of Act 31, Public Acts of Michigan, 1948 (First Extra Session), as amended, in anticipation of the receipt of cash rental payments to be made by the County of Ingham to the Ingham County Building Authority pursuant to the contract of lease. FULL FAITH AND CREDIT AND LIMITED TAXING POWER OF THE COUNTY OF INGHAM PLEDGED

State of Michigan. In addition to its obligation to make cash rental payments, the County of Ingham will agree,

ATTACHMENT A:

Ingham County Trails and Parks Program Application

The overall goal of the Ingham County Regional Trails and Parks Millage Fund is to create and maintain a sustainable countywide system of recreation trails and adjacent parks within Ingham County. All Ingham County municipalities are eligible to apply. In addition, 501(c) (3) non-profit organizations may apply for grant funds so long as they partner with an Ingham County municipality which contributes tax dollars to the Trails and Parks Millage.

Funds must be matched by the local community with their own funds, or in-kind services, or funds obtained from other sources, i.e., state, federal, private or other allocations. Applications for County Trails and Parks Program funding must include a resolution (s) of support for the project from the governing body (ies) of the community where the trail project or blueways project is proposed. Eligible projects must fit the following categories: small shovel ready projects up to a limit of $300,000, planning and engineering for future projects. Preference will be shown to applications within these parameters, however all grant applications will be considered, even if they are not shovel ready or include future planning.

Project applications must be received by 5:00pm July 31 for funding consideration in the following year. Projects deemed worthy of funding may be approved at the November Ingham County Board of Commissioners meeting. The following information will be used by the Ingham County Parks and Recreation Commission in determining and recommending which projects should be funded by the Board of Commissioners. Projects already locally approved and bid will not be eligible for millage funding.

Ingham County Trails and Parks Program Application

PROJECT INFORMATION & DETAILED DESCRIPTION (as applicable)

1. Describe in detail any other available funders and partners.

Your discussion should address whether your project has funding available through grants or partner contributions; has funding available through donations or in-kind services; and/or has funding available through local community match and what total percent of the project these all account for. This should be detailed on the Estimated Costs/Budget sheet also. Local agencies are required to list Ingham County Parks as a contact in TAP applications that propose Ingham County Parks Milage funding as part of their match. 250 word limit.

2. Discuss how the project is improving regional connectivity.

Your discussion should address how the project provides, supports and relates to the Ingham County regional priority corridors as depicted on Figure 24 of the Ingham County Regional Trails and Parks Network either as an existing trail repair/rehabilitation/long-term maintenance, new regional trail construction or new local trail access to the regional network (including enabling water trail access); improves access to Ingham County Parks; improves access to major regional destinations such as commercial and employment centers as well as community facilities, schools, colleges and universities; expands transportation options; provides for recreation; increases access to sites of natural, scenic or historic interest; and any other related information. 250 word limit.
Ingham County Trails and Parks Program Application

3. Describe how the project responds to public demand and has public support.
   Your discussion should address how the project is based on public demand; has been prioritized in adopted plans; has volunteer and/or partner organization support; is a community interest project that supports partnerships, shared resources or coincides with other planning and development activities; has the support of multiple jurisdictions and/or stakeholders; and any other related information. 250 word limit.

4. Explain how the project meets acceptable design standards and is the best design solution.
   You must have a staff, or hire a Michigan licensed professional engineer or a landscape architect, and all construction (new or rehab) must be according to current MDOT standard and specifications for construction of trails, bridges, and boardwalks and any other support facilities. Trail repair and maintenance projects may not require an engineer or landscape architect. Deviation from this requirement needs to be stated and explained. The County will review on a case by case basis. Any work in the road Right of Way, not just ped crossings, needs to meet applicable permit requirements. You must meet permit requirements for any pedestrian crossings of the given road agency—Michigan Department of Transportation (MDOT), Ingham County Road Department or whatever City your community is in. You must have the necessary/required permitting, be it public/road rights-of-way, local ordinance (township or municipality), environmental (Michigan Department of Environmental Quality-MDEQ), Drain office, etc. Your description should address how the project is physically separated from streets and roadways where possible, provides a variety of experiences that can be enjoyed by a diversity of users, including people of all ages and abilities; meets or exceeds the minimum accessibility requirements of the ADA; design alternatives to the project have been examined to minimize impact on the environment; meets AASHTO guidelines for alignment, grade, width, vertical clearance, and loading intersection and crossing design (deviation from AASHTO guidelines need to be stated and explained. The County will review on a case by case basis); considers low impact development techniques that protect and enhance significant natural features, and any other related information. Please review Attachment B- BOC Resolution #18-054 for design standard clarification. 250 word limit.
Ingham County Trails and Parks Program Application

5. Explain how the project is feasible and ready for implementation or development.
   Your discussion should address whether your project area is under public ownership or is currently accessible for public use; does not require complex or lengthy acquisition process; does not require a complex or lengthy permitting process; is within an existing corridor such as a transmission line and railroad corridor where it may be feasible to negotiate public access without needing to acquire land; there is an imminent threat to lose the project opportunity; demonstrates cost efficiency; and/or is appropriate and in line with available funds. 250 word limit.

---

6. Discuss how the project supports equitable opportunities.
   Your discussion should address how your project increases or improves access and provides low cost transportation and recreation options for low income populations; is located in a high use area; is located in an underserved area; and/or contributes to an equitable geographical distribution of the millage funds. 250 word limit.
Ingham County Trails and Parks Program Application

7. Maintenance Commitment & Plan

Describe your operation and maintenance plan (with budget costs) detailing the amount of money needed to operate and maintain the trail after it is completed, and identify who will be responsible for the work. Describe in detail how the trail will be managed. Include discussion on season length, hours of operation, enforcement provisions, and scheduling. 250 word limit.

RESOLUTION CLARIFYING DESIGN STANDARDS FOR TRAILS AND PARKS
MILLAGE PROJECTS

RESOLUTION # 18 – 054

WHEREAS, the Ingham County Trails and Parks Program Application states that the Trails and Parks Millage projects must meet acceptable design standards and is the best design solution as adopted by Board of Commissioners Resolution 17-275; and

WHEREAS, the County will review any deviations from such standards on a case by case basis; and

WHEREAS, applicants must obtain necessary permits for the projects, be it public/road rights-of-way, local ordinance (township or municipality), environmental (Michigan Department of Environmental Quality-MDEQ), Drain office, etc.; and

WHEREAS, at least one case has surfaced where the announced design standards of the Trails and Parks Millage may conflict with the standards and rules of a permitting agency; and

WHEREAS, on reflection, the Parks Commission does not believe that wise administration of the millage money should require the applicant to be caught between the standards of a permitting agency and the general standards demanded by the County for its millage projects.

THEREFORE BE IT RESOLVED, that the Ingham Board of Commissioners adopt the following policy: In cases where a permitting authority disagrees with use of a particular county standard, the terms of the draft permit proposed by the permitting authority will control; but the applicant is required to promptly notify the County Park Commission of the permitting authority’s position.

BE IT FURTHER RESOLVED, Parks Department staff are to raise any concerns with the permit in consultations with the applicant and the permitting authority.

BE IT FURTHER RESOLVED, this policy is retroactive for any signed agreements that have not yet been completed and any future agreements.

BE IT FURTHER RESOLVED, that the Chairperson of the Board of Commissioners is hereby authorized to sign any necessary contract documents on behalf of the County after approval as to form by the County Attorney.

**Match Requirement for Ingham County Trails & Parks Millage**

The applicant is not required to provide match, however, applicants that do contribute match will receive additional points under the Scoring Criteria. Match being the applicant provided a portion of the total project cost.

Applicant match can be met by general funds, cash donations, and other grants or by donation of a portion of land that will be used for the project. All land value donations must be clearly documented in the grant application and supported by a letter of commitment by the landowner.

Additional forms of match may consist of credit for certain applicant-assumed costs directly related to the construction of the proposed project, including charged for local government-owned equipment and labor performed by the applicant’s employees. Donations of goods and services may be used as all or part of the match if the applicant specifies the nature and can document actual values of the items or services. The source and amount of all donations must be clearly stated in the grant application and supported by a letter of commitment from the donor.

Match commitments must be secured prior to the application deadline for that current application round. Proof of secured match must be provided to the County grant coordinator on or before the deadline. Applications using millage funds as match for Federal or State grants will be reviewed on a case by case basis. Failure to provide match documentation by the application deadline may be declared ineligible.

Examples of secured match include:

- General fund-Resolution from local governing body committing to the match
- Cash donations- Letters of commitment from donors
- Other awarded grants- Letter from granting organization committing to the grant, explaining conditions of award, and information on the scope of work provided by the other grant.
- Applications for other grants are not considered a secure match source
- Donation of land value- Letter from land owner committing to donate a fixed percentage of the appraised fair market value.
- Donation of goods and services- Letter from the donor explaining the nature and value of the goods and services. The letter of donation must indicate number of hours or quantity of materials. The letter must include the quantity, dollar amount and for labor the number of hours and hourly rate. Pre-bid discounts such as percentage off a price are not accepted for documentation of match.
- In-kind/Face-account- Resolution from the governing body committing to the match

Secured match ensures there should not be a cash flow problems threatening the completion of the project. Changing match after the application deadline is highly discouraged and will require approval by the County and the grantee must provide documentation for this change.

Adopted as part of the consent agenda.
WHEREAS, race is a social construction with no biologic basis; and

WHEREAS, racism is a social system with multiple dimensions, including individual racism, which is internalized or interpersonal; and

WHEREAS, systemic racism, which is institutional or structural, is a system of structuring opportunity and assigning value based on the social interpretation of how one looks; and

WHEREAS, systemic racism unfairly disadvantages some individuals and communities, unfairly advantages other individuals and communities, and depletes the strength of the whole society through the waste of human resources; and

WHEREAS, racism is rooted in the foundation of America. From the time chattel slavery began in the 1600s, to the Jim Crow era, declaration of the war on drugs that eventually led to the mass incarceration of Black people, racism has remained a presence in American society while subjecting Black people to hardships and disadvantages in every aspect of life; and

WHEREAS, racism, including unconscious and conscious bias, causes persistent racial discrimination in Criminal Justice, Social Capital, Voter Suppression, Education, Transportation, Employment, Food Access, Mental Health and Health Behaviors, Socioeconomic Status, Environmental Exposure, Access to Health Services, Housing, and Public Safety; and

WHEREAS, historical racism in Michigan has impacted Black Michiganders including Black Ingham County residents. For example, discriminatory housing practices in the 20th century, known as redlining, along with the construction of I-496 expressway and discriminatory housing covenants contributed to the segregation of the Black community in the City of Lansing. Black citizens across the state of Michigan have been limited to areas with restricted access to healthy foods, disproportionate amount of convenience and liquor stores, clean water, and other essential resources, leading to a variety of other health issues, including reduced life expectancy, higher rates of infant and maternal mortality, and higher rates of lead poisoning; and

WHEREAS, for more than 400 years, racism has existed in America. However, in the 21st century, we are now seeing an increased incidence of police brutality, the result of racism and the disproportionate impact on Black people during the COVID-19 pandemic. Black people are dying in larger-than-expected, record numbers from both; and
WHEREAS, older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19, Black people have higher incidence of chronic illnesses than other races causing them to die from COVID-19 at 3.8 times the rate of white people. In Ingham County, Black people make up 12 percent of the population, yet they account for 28 percent of confirmed COVID-19 cases; and

WHEREAS, Black people are disproportionately suffering in-part due to long standing, unaddressed health disparities as well as systemic racism and other socioeconomic inequities. Indicators of health disparities include Black infant mortality, which is 12.9% compared to White infant mortality at 6.4%; prevalence of diabetes, which is 17.5% for Blacks compared to 7.7% for Whites; and 20% of Black residents state that they lack access to health care; and

WHEREAS, there is clear data to illustrate that racism negatively impacts the lives of Black people in Ingham County. The current COVID-19 crisis and ongoing protests against police brutality have helped to highlight now, more than ever, that racism, not race, causes disparities for Black Americans; and

WHEREAS, the privileges that other Americans experience inhibit them from fully understanding how racism impacts Black people in America - for example the performance of simple tasks like driving while Black, walking/running in neighborhoods, wearing a hoodie, going to the store, eating ice cream in your own home, or just going to a park all come with certain risk not experienced by others. Concerned parents prepare their Black youth at an early age by having “The Talk” with their children in order to attempt to protect them; and

WHEREAS, prior to the recent police brutality incidents and COVID-19 pandemic, Ingham County was already taking steps to promote health equity through the passage of its Health in All Policies resolution; and

WHEREAS, the American Public Health Association, National Association of County and City Health Officials, and the American Academy of Pediatrics have declared racism as a public health crisis, this Board believes that now is the time to do the same. The disparities caused by racism that we have outlined in this resolution represent a public health crisis which affects us all; and

WHEREAS, we as a governmental body have a responsibility to ensure an optimal quality of life for all of our Black Ingham County residents.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners hereby declares racism as a public health crisis in the County of Ingham that affects all members of our society on a local (urban and rural), state, and national level and demands action from all levels of government and society.

BE IT FURTHER RESOLVED, that Ingham County is recommitting its full attention to improving the quality of life and health of our Black Ingham County residents.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners advocates for relevant policies that improve health in the Black community, and support local, state, and federal initiatives that advance social justice.

BE IT FURTHER RESOLVED, that Ingham County will assess our current and proposed laws (ordinances and health regulations) and our policies, as well as their implementation, to promote health for Blacks within Ingham County.
BE IT FURTHER RESOLVED, that Ingham County’s Health In All Policies Committee will assess internal policies and procedures to ensure racial equity is a core element in all organizational practices.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners shall create a broadly representative advisory board made up of Ingham County leaders, employees, and the community to achieve community-centered solutions to address the legacy of racial injustices faced by Black communities.

BE IT FURTHER RESOLVED, that this Board of Commissioners urges other governmental bodies to declare racism as a public health crisis and to immediately take steps to intentionally address and support methods that will strategically reduce the long-term impact of systemic racism.

BE IT FURTHER RESOLVED, that the Board of Commissioners requests that the County Clerk forward copies of this resolution to the Governor of the State of Michigan, Ingham County’s State Legislative delegation, the Michigan Association of Counties and local units of government within Ingham County.

Commissioner Slaughter moved to adopt the resolution. Commissioner Koenig supported the motion.

Commissioner Slaughter stated that before he talked about the resolution, he wanted to thank the people who had worked hard and put a lot of time into crafting this resolution. He further stated that those people included Ms. Stauff, Board of Health Chair, Dilhara Muthukuda, Michigan Department of Health & Human Services, Dr. Nickell Dixon, Michigan Department of Health & Human Services, Linda Vail, County Health Officer, Debbie Edokpolo, Deputy Health Officer, and Commissioner Naeyaert for their work.

Commissioner Slaughter stated that this resolution was personal to him because of the mere nature of who he was as a Black person. He further stated that this resolution was so profound to have a government to make this official statement to finally recognize what many people realized, that racism was a public health crisis.

Commissioner Slaughter stated that racism had a role in so many facets of our society. He further stated that there had been a long history of how racism had held back Black Americans, and so they took the time to walk through why racism was a public health crisis in this resolution.

Commissioner Slaughter stated that he would encourage people to take the time to read the resolution, and while it was lengthy, there was a reason for that. He further stated that there was a lot of information about all of the detrimental facts that racism has on people.

Commissioner Slaughter stated that, as Ms. Stauff had said, racism impacted the maternal death rate, income inequality and so on, as those were experienced much higher by Black Americans than White Americans. He further stated that he wanted to help Ingham County start this conversation of what can be done as a body with their powers to mitigate the negative effects of racism on Black people.

Commissioner Slaughter stated that he had had great conversations with his colleagues who were supportive and were more than happy to support a resolution like this. He further stated that to say that Ingham County was committing themselves for the foreseeable future to see what can be done to mitigate and hopefully eradicate the negative effects that racism has on Black people.
JUNE 9, 2020 REGULAR MEETING

Commissioner Slaughter stated that he wanted to thank all of his colleagues for their comments on the resolution. He further stated that he looked forward to the next steps as this was only the first step in many conversations that would be had on this issue.

Commissioner Naeyaert stated that she had the privilege of coming into this at the last minute with Commissioner Slaughter and the other people he had mentioned. She further stated that, in addition, she and Commissioner Slaughter had a good conversation when he called her about this resolution.

Commissioner Naeyaert stated that part of the language in this resolution talked about an unconscious bias, and so she wanted to talk about something that she had learned a long time ago. She further stated that it was about an unconscious incompetence, so, for example, if someone had never played basketball before and saw a basketball, the person had an unconscious incompetence toward basketball, but if a coach taught the person how to play basketball, the person would have a conscious competence to know how to play basketball.

Commissioner Naeyaert stated that, on the other hand, if someone was taught how to play basketball and chose not to do it, the person had a conscious incompetence. She further stated that one of the things that she and Commissioner Slaughter had talked about was an unconscious bias.

Commissioner Naeyaert stated that she had grown up and lived in a rural area of Ingham County for almost all of her life, and she had not been exposed to a lot of races. She further stated that she did not realize until she had heard a White news anchor say that she had a conversation with her mother about race and it was the first time she had talked about race, while the Black news anchor had said that the conversation of race was an everyday occurrence in her life.

Commissioner Naeyaert stated that, as Commissioner Slaughter knew, it had stuck with her because it was not a conversation that her family had ever had. She further stated that she had mentioned to Commissioner Slaughter that he was a teddy bear and he said to her that he was a 6'5" Black man, and that got to her because she could not imagine what he and other Black people went through.

Commissioner Naeyaert stated that she was strongly supportive of this resolution. She further stated that she would serve on a subcommittee that would help teach people who were naïve or unconsciously biased to become consciously competent with regard to this bias.

Commissioner Trubac stated that he wanted to thank his colleague and friend Commissioner Slaughter for his work on this resolution and for all his work on civil liberties and social justice issues. He further stated that he was proud to serve on a body that focused on protecting the rights of all people.

Commissioner Trubac stated that, to that point, he wanted to echo what Commissioner Slaughter said that this resolution was just a start, and the County still had a lot of work to do. He further stated that he looked forward to their future discussions on combating racist ideas and policies in Ingham County.

Commissioner Trubac stated that this resolution had his full, enthusiastic support and he was happy to vote yes.

Commissioner Tennis stated that, to give more history to this conversation, Ingham County and the Health Department had analyzed the social disparities of health for many years. He further stated that he had been in countless meetings at the Community Health Center Board where these issues had come up, and the question remained, why was it that there were such health disparities between Black and White Americans.
JUNE 9, 2020 REGULAR MEETING

Commissioner Tennis stated that the data clearly proves that persons of color, in particular people in the Black community, had worse health outcomes. He further stated that the question always came back to why was this occurring, and people had said that it could be nutrition, housing-related, or the availability of clean water.

Commissioner Tennis stated that every Board and Commission that he had been a part of that had looked at this issue essentially came to the same conclusion, that the reason for this issue was systemic, institutional racism. He further stated that was why he was so proud of the Board of Commissioners, in particular Commissioner Slaughter, for finally putting a name to it.

Commissioner Tennis stated that racism was a public health crisis and he was very happy to be able to support this resolution.

Commissioner Celentino stated that he wanted to thank Commissioner Slaughter for his work on this resolution and others who had worked with him. He further stated that this was a resolution that was needed now more than ever, and so he thanked Commissioner Slaughter for bringing this before the Board of Commissioners.

Commissioner Celentino stated that the resolution was lengthy because it had a lot in there that needed to be said. He further stated that he liked that the resolution included information about institutions where people had seen racism and discrimination.

Commissioner Celentino stated that it was important, where the resolution mentioned historical racism in Lansing, that they remind themselves and others about that. He further stated that he was pleased to see the inclusion of the construction of the I-496 expressway, which contributed to the segregation of the Black community in the City of Lansing.

Commissioner Celentino stated that he had conversations with his colleagues where he taught about past housing practices in the City of Lansing. He further stated that he wanted to thank Commissioner Slaughter for bringing this up and he agreed with State Representative Sarah Anthony that, once this resolution was passed, that other municipalities in the State of Michigan would take the County’s lead and pass similar resolutions.

Chairperson Crenshaw stated that he wanted to thank Commissioner Slaughter for his work and the others who drafted this resolution. He further stated that when Commissioner Slaughter approached him with this idea, he enthusiastically said yes.

Chairperson Crenshaw stated that as a fellow African-American male, a Hispanic male, and a person of color, it was important that they call it what it was and address it going forward. He further stated that it was unfortunate that the situation at hand had caused them to do this, but it was time that they did it in Ingham County and they would be on the forefront of addressing this racism that was rampant right now in the United States.

Chairperson Crenshaw stated that the Board of Commissioners had an obligation to their residents and constituents to pass this tonight. He further stated that by passing this resolution, they were making a statement that racism would no longer be allowed to be the status quo and would be addressed head on.

Chairperson Crenshaw stated that to Commissioner Slaughter, the Health Department and Board of Health staff, he thanked them for their leadership on this resolution. He further stated that he hoped that other municipalities take Ingham County’s lead and pass similar resolutions to combat racism.
Discussion.

Commissioner Koenig stated that she did not want them to miss the moment while grappling with the issues of our time. She further stated that this was such a large and broad issue, and affected so many systems that were in place that have negatively affected people in ways that they were not even aware of yet.

Commissioner Koenig stated that when people say that they do not believe that systems can be reformed or changed, it was because they had tried in the past, and systems they lived with today remained broken. She further stated that people continued to suffer and die needlessly at the hands of a system that had not helped them, yet was paid for by them to help them.

Commissioner Koenig stated that the changes had never been enough and residents were calling for change, so now was the time to come together with transformational thoughts about all of these systems that they were in charge of. She further stated that, in the future, and beyond this resolution which she was so happy to support, they had a lot of work to do.

The motion to adopt the resolution carried by roll call vote. Yeas: Crenshaw, Celentino, Grebner, Koenig, Maiville, Morgan, Nacyaert, Polsdofer, Schafer, Sebolt, Slaughter, Stivers, Tennis, and Trubac

PUBLIC COMMENT

Linda Vail, County Health Officer, stated that she was so proud to be a part of this County and to watch the Board of Commissioners move forward with Agenda Item No. 29. She further stated that she had always been proud to work and honored to work for this Board of Commissioners, and she could not imagine a group of 14 bosses that were better to work with and for.

Ms. Vail stated that she was asked in front of the Black Lives Matter call-to-action to declare a Public Health Crisis, and she scoured the Public Health Code and found nothing that she could do, except to put words out there. She further stated that she quickly pivoted to talking to Commissioner Slaughter and said that if they made this a resolution of this Board of Commissioners, that made it the will of this governing body.

Ms. Vail stated that it all happened so fast that she had notified the Board of Commissioners that the ball was already rolling. She further stated that she knew in her heart that was just happened was exactly what would happen.

Ms. Vail stated that she was on a call with the Michigan Association of Local Public Health and her colleagues across the State of Michigan could not agree to put a statement out on behalf of that association while they had watched the American Public Health Association, the National Association of County and City Health Officials, the American Pediatric Association, and the American Medical Association do it. She further stated that to be here in a County working for this Board of Commissioners, she could not tell them how much she appreciated their support and working for them.

Russel Church, Chief Public Defender, stated that he wanted to echo a lot of what Ms. Vail said. He further stated that the Board of Commissioners was awesome to have voted unanimously in favor of Agenda Item No. 29 given the state of the world today meant a lot to him. He further stated that, he had gone to a march on June 8 in Detroit, and two of his staff members brought their children with them.

Mr. Church stated that his biggest prayer right now was that those children did not have to march again when they become his age. He further stated that he was proud to be a part of this organization.

COMMISSIONER ANNOUNCEMENTS

Commissioner Slaughter stated that he wanted to thank his colleagues for their words. He further stated that, to Commissioner Naeyaert, she was a huge help at the end of the process.

Commissioner Slaughter stated that he wanted to echo what everyone had said. He further stated that he was proud to be a part of this Board of Commissioners as they were some of the best colleagues he had ever had.

Commissioner Sebolt stated that, in the consent agenda, the Board of Commissioners passed a resolution that declared June as Pride Month in Ingham County, and he appreciated everyone’s support. He further stated that, unfortunately, Michigan Pride in-person event would not be going forward this year due to COVID-19.
JUNE 9, 2020 REGULAR MEETING

Commissioner Sebolk stated that, in light of everything, this year marked 50 years of Pride celebrations because 51 years ago, patrons at the Stonewall Inn, led by a Black Transgender woman, fought back against police brutality in what became a six-day riot. He further stated that he appreciated everyone’s support and adding that historical perspective to everything that the United States continues to grapple with.

Commissioner Morgan stated that, to himself and his White colleagues, they needed to do better. He further stated that supporting an important resolution was one thing, but they needed to hold themselves accountable, especially when it came to implicit bias.

Commissioner Morgan stated that they needed to hold their friends accountable when they saw something, even a mutual friend who had been in the news recently. He further stated that they needed to look at these things clearly and urge them to do better too, including himself.

Commissioner Naeyaert stated that she wanted to thank her colleagues for expanding her mind on issues that typically were not Republican issues, but they were issues that affected people. She further stated that Ingham County Office of Homeland Security and Emergency Management called for some detrimental weather, so she urged her colleagues to tell their constituents to take cover.
